

Redefining Workspace

Welcome to All-Inclusive Everything

READY FOR WHAT'S NEXT

Urban HQ brings a fresh all-inclusive approach to flexible workspace. Our friendly, generous attitude helps businesses flourish and people thrive. We have created beautiful, vibrant spaces that really work, designed to inspire, and drive collaboration. Our WiredScore Platinum rated technology, and our dedicated Wellness Studio, place our member's wellbeing and productivity at the heart of everything we do.

With no deposit or upfront costs, our all-inclusive packages include free meeting rooms, free phone calls, free high-speed dedicated bandwidth (not shared!), free printing, free yoga classes, and a bespoke wellness programme and events calendar.

OUR MISSION

Design

Iconic on the outside, minimalist and monochromatic inside, we believe that beautiful environments contribute positively to productivity. Working together with award-winning interior specialists, Kingston Lafferty Design, we have created workspaces to inspire our members.

Wellbeing

We are passionate about promoting and supporting a healthier workplace. Through our in-house Wellness Studio, we encourage quiet time, privacy, recuperation, and regular escapes from the noise and pace of the office environment.

We also provide yoga classes, mindfulness sessions and monthly massage treatments, available to all members free of charge.

Space

Switch it up throughout your day, with ten different workspaces to choose from. From our ground floor Members Lounge, to our Roof Terrace, and everything in between.

All floors provide focus rooms, private phone booths, and dedicated meeting rooms. You may also enjoy our members bar, offering free beer & prosecco.

First Class Service

The service provided by our staff is truly market leading. Our dedicated Concierge team works hard to make things run smoothly for all our members. Our team shall soon become familiar faces and feel like members of your team.

Technology

Our technology is world-class, achieving a WiredScore Platinum rating. We don't believe that members should have to share bandwidth with other office users which is why we only offer dedicated, uncontended connectivity to every member as standard.

We also plan for the unexpected with a robust failover backup line that allows seamless working if there's a local outage.

MEMBERSHIPS

Coworking Lounge

£175 per month

Comfortable and spacious, our coworking membership space in Belfast is the perfect place for freelancers and flexible workers to call home when they're not on the move.

Open weekdays, 8:30am-5pm our hot desk membership gives you access to 3,000 sq ft of community space and use of all facilities, including high-speed Wi-Fi and meeting rooms.

That also makes it a smart option for individuals or businesses who need flexible workspace for occasional client-friendly meetings and a room for private discussions.

Private Office

£395 per month

Perfect for businesses of all sizes, whether you need space for two or 250, we have private office memberships at Urban HQ Belfast for everyone. The bespoke offices can be furnished and laid out to your exact specification, plus you're free to personalise it to your taste. We will also tailor a custom IT solution as well as providing a free, dedicated high-speed broadband connection.

Private Office membership packages also include free phone calls and meeting rooms, plus access to 3,000 sq ft of community space and all other amenities.

Custom Floor

Custom Price

Our custom office floor provides an upgraded dedicated full floor, private office suite together with access to 3,000 sq ft of community space.

The floor can be branded as your own and includes your own meeting rooms, lounges, and executive offices all for exclusive use by your team. We can help with the design, configuration and fit-out of the floor and as you'd expect. This option comes with dedicated, high-speed broadband, phone system and access to all the shared spaces, coworking amenities and perks at Urban HQ.
